

The purpose of this association is to bring together the citizens of Massachusetts who are interested in promoting the use of firearms as a means of personal and national defense and as a sport:

To aid in securing the passage of legislation favorable to the ownership and use of firearms by reputable citizens of Massachusetts for the above purpose:

To carry on an educational campaign that the citizens of Massachusetts may be informed as to the importance of training in the use of firearms as a means of personal and national defense.

Dear Harold -
Enclosed find the application of Edward H. Bradford, who is a member of the Boston Club as well as his brother Mr. Bradford.

I understand that Mr. Bradford is an accountant so that he would have something in common with you and I recommend that you endorse the membership and forward him a bill for \$5.00 together with his membership card. Slick Huger and Jim Livinggole will be glad to endorse this man but things were so busy yesterday that I neglected to get their signatures. He had a great day. I his man's brother Robert Fiske Bradford is the man we expect to clean up Middlesex Co in the coming election. Lets help in this cleanup -

Peter.

With these suggestions, there should be no cause for failure, if each man will do his part. It is also essential that each committee member know his respective group.

Let us all make an effort to get a new member of the type that will be welcome.

The telephone number of the club is - Woburn 1131-W.

Be sure to put this number in your file, as it is not listed in the name of the club.

Yours truly,

And now a word from your "Friendly" gun dealer:

The shoots with the 2 stars beside them are the shoots I DEFINATELY plan to attend. If the gas shortage is not too critical I may be at some of the others, but it would be advisable to call first to see if I'm going to be there.

The dates I have listed are of course subject to change by the individual clubs, and as you will note some are not as yet confirmed, even though I have listed them. If in doubt call or write to those people I have listed. I'm sure if they can't give you the information they will know someone who can.

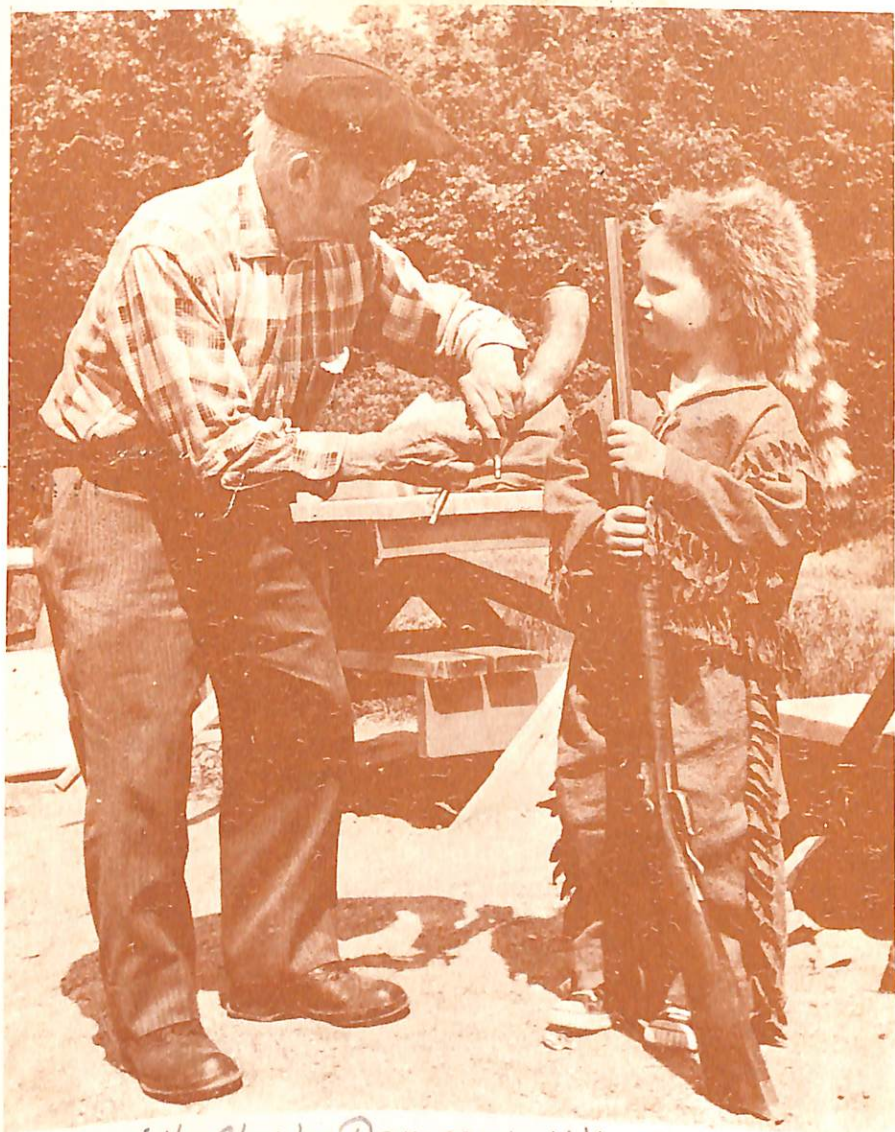

If you know of any black powder shoot not listed send the information to me and I will try to post it at my stand at the shoots. Also send the information to The First Congress of New England Muzzle Loaders: P.O. Box 133, Lexington, Mass 02173

If you're not a member of the Firts Congress, why not join?? It only costs a mere \$5.00 per year and they are doing a pretty good job of keeping the black powder shooter abreast of what is going on around here.

See you at the shoots!!

Muzzle Loading Gun

Any gun for which the charge of powder, patched ball or patched bullet is loaded from the muzzle, (except military musket which may use lubricated bullet or patched ball in musket matches,) and ignited by cap or flint and only by primer in any slug match. Black powder cartridge in specified matches only.

Range Rules

1. No alcoholic beverages allowed on the firing line during the shoot. This rule will be strictly enforced by the Executive Officer and the Range Officer.
2. All cleaning and loading will be from the rear of the bench.
3. No person shall load, cap or prime until the order is given. At the command, "Cease Fire" no person shall load or fire and gun must be placed upright at rear of bench.
4. In all flint rest matches a guard or shield must be on the bench opposite the vent of the arm.
5. All 200 yd. targets must have backing paper and the target must lay flat. The Executive Officer shall disqualify any target not so posted.
6. Any target fired by mistake at the wrong range or from the wrong position will be brought to the attention of the Range Officer before being removed from the target frame.
7. A Pickett Bullet shall not exceed 2 X cal. (in length) and shall be patched with cloth.

8. The firing points are numbered. All ranges have been measured from these firing points to the face of the targets when hung in their customary position in front of the back stop.
9. Protest or challenge is permitted. Fee of \$1.00 is refunded if protest is sustained.
10. No junior shall be allowed to shoot unless under the supervision of parent or guardian who shall be a member of the club. A duly authorized range officer must be present and the shooter must comply with the range rules of the N.M.L.R.A. Under 14, the parent or guardian must load.
11. On musket matches designated original type, this shall mean original type open. The open sight shall be as follows: Rear open sight is one where the opening is a U, V, or rectangular opening as wide or wider at the top than at the bottom. Any musket having a peep on any part of the rear sight shall be covered with tape or similar material and approved by the Range Officer before being used in a match. Buckhorn or semi-buckhorn or any homemade version of these sights does not qualify as an open sight under the above definition. The front sight shall be an immovable blade. Positively no slip-on sights of any description will be allowed in any original type open matches.

CANNON MATCH RULES

1. Any smoothbore muzzle loading cannon $1\frac{1}{2}$ " bore and over.
2. SIGHTS: No optical sights allowed.
3. POWDER: Black Powder - charge may be regulated by the range officer.
4. CREW: Minimum of two men to a cannon.
5. IGNITION: Firing of a cannon will be done by a striker that sets off a 22 blank or percussion cap or by filling the ignition hole with powder and touching it off with a linstock. Fuse will not be allowed to fire cannon except in an emergency to touch off a fouled shot and then only with the permission of the range officer.
6. No cannoners shall be permitted to smoke while handling powder.
7. PROJECTILES: No solid metal projectiles.
8. SHOTS: 5 shots will be fired at each target - 5 projectiles will be laid by each gun beforehand - no sighter shots - powder or prepared charges will be kept a safe distance behind the gun - all projectiles other than the 5 laid by the gun will be kept behind the powder - no double shots or exploding projectiles will be fired at record targets - Double Shots: 2 shots fired at once will result in disqualification.
9. CLEANING: EACH PIECE MUST BE SWABBED BETWEEN SHOTS WITH A WET SWAB. THE VENT WILL BE STOPPED WITH A PROPER THUMBSTALL FROM THE TIME THE SPONGE ENTERS THE MUZZLE UNTIL THE RAMMER IS REMOVED FROM THE BORE AFTER THE PROJECTILE HAS BEEN RAMMED. THE MAN RAMMING AND SWABBING THE GUN WILL STAND TO THE RIGHT OR LEFT AND TO THE REAR OF THE MUZZLE AND OPERATE THE RAMMER OR SWAB WITH ONE HAND WHEN EVER POSSIBLE. AT NO TIME DURING THE LOADING PROCEDURE WILL THE MAN ON THE RAMMER BE IN FRONT OF THE MUZZLE.
